A young man by name John Foreman from the U.S.A. might visit Aretas's Abode in the latter part of this year, perhaps September / October.

If permitted by you, he would love to stay a few days at Anata's Abode paying all charges for stay and food. He is a very nice, quiet, unassuming, labour-loving young man who has been of silent help to the Anata Meher Bala Trust and at the Trust Office, and at Meherabad ~~and~~ Meherangd and wherever he visits in Balia's Love. He speaks very little but is very happy when he is asked to do some work at the farm or any work. We all love him and wish him a very happy & fruitful stay in Australia. This is just for your information
Yours Love "Mithu"
