Dear Francis,

Thank you for your response and your willingness to participate.

I have been reading "In Dist I Sing" along with "Man to God-God to Man" and feel that a reading of your work should be given at the Festival. Do you think you could prepare about 2.5 minutes of material for an audience of about 200 people.

Due to all sorts of reasons, we have found it necessary to change the Festival dates so that it now takes in the weekend of November 17th & 18th. Do these dates still suit you?

Don't worry about travel, accommodation, finances etc. as we will look after all that.

Yours Fabrizio Calafuri.
